Purchased a detailed street map of palm beach county florida. The map was a little dated but very inexpensive. Actually they are really not building many new streets in florida these days and I did not have any problems finding streets on my recent trip. The map arrived from the vendor in a very timely manner. The map book was described by the vendor as almost new. Actually the map was absolutely new without marks or damage. Great product and great vendor service ---would buy again from this vendor.

good value thanks!
