Kevin J. Knoop. M.D., Program Director, Emergency Medicine Residency, Naval Medical Center, Portsmouth, VA.Lawrence B. Stack, M.D., Associate Professor of Emergency Medicine, Vanderbilt University Medical Center, Nashville, TN.Alan B. Storrow, M.D., Associate Professor of Emergency Medicine, Clinical Research Director, University of Cincinnati College of Medicine, Cincinnati, OH.

Awesome, I really wish there were more resources like this to study from! I have been excited to get these, the cards are really nice and would buy again. I hope they make one for the pediatric version. If only there could be similar items for radiology or CT imaging or EKGs only. In the ED time is very limited and these cards will improve my diagnostic skills, saving time (and helping patients too of course).

Excellent flash cards for quick, on the go review.

Very detailed--not light reading.

Excellent images and supporting text. Very useful for studying the most common visual diagnoses in the ED. Highly recommended.

Awesome photos to go with potential diagnoses. Hubby loves it-is his, and I thought it was fascinating.

Kind a wish I would've got the digital version of the cards are good

very good review for the boards and just for things you don't see every day.

Tremendous product. These folks got it right. Beautiful photos of the highest quality on each card. Very concise descriptions-great review material.
