## Synopsis

Rebbe means teacher. Rabbi Menachem M. Schneerson is seventh in a prestigious line of chassidic rebbes. Even after his passing, he is known worldwide as simply "The Rebbe"- a Rebbe for any person in the world. This book offers every person a taste of the Rebbe’s wisdom, condensed from over 50 years of letters, public talks, private conversations, and written works. Presented in an accessible format.

## Customer Reviews

This book works. What the Rebbe taught us is now in very quotable English. In a moment, any person on the planet can make contact with the depths of the Rebbe’s wisdom and apply it in daily life.--Rabbi Mannis FriedmanBringing Heaven Down to Earth is a masterpiece --the kind of book that lodges itself in your consciousness and keeps resonating. Freeman’s brilliance lies in his making the Rebbe’s words and thoughts accessible to a wide, wide audience without compromising on their essence and profundity. Readers won’t be able to put it down, and when they do, they will have a radically altered view of Judaism, Torah, the Rebbe and most importantly, how it all relates to their life.--Rivka Slonim, author of the best sellerÃ Â "Total Immersion: A Mikvah Anthology"I loved the book. Its appeal is not only in the selections but especially in the brevity and simple style, making it accessible to everyone. Both my wife and I found it really inspiring.--Rabbi J. Immanuel ShochetMy father is a writer, but I’ve never been so excited by a bThisook about the Rebbe. Finally a book that preserves the soul of what the Rebbe said while speaking in common language. It’s

breathtaking.--Rabbi Shimon Posner, CAThis is the most wonderful thing I've ever read on mystic Judaism. Bringing...is the only way to give this world true meaning and justify the gift of life we have all received. The Rebbe presents a wisdom and light which helps every reader, Jewish, Christian, Muslim, Buddhist or otherwise to open up to the Divine guiding force within each living being.--Wulfing von Rohr, author of over 50 books on metaphysics in Germany --This text refers to an out of print or unavailable edition of this title.

Text: English (translation) Original Language: Hebrew, Yiddish --This text refers to an out of print or unavailable edition of this title.

This is a remarkable collection of amazing words from the Rebbe. Having it on my Kindle means the words are always with me- to soothe, to prod and provoke, to illuminate. To help me "visit the house of study daily." One page I have read over and over"#163 PrisonersWe are all prisoners. But we sit on the keys.Finitude is our cell.The universe is our prison.Our jail is the Act of Being.The keys to liberation are clenched tightlyin the fist of our own egos."and how about"#132 Not If, But HowSometimes, it may appear that there is a place where, according to all considerations, G-dliness can't come. An obstacle that prevents you from accomplishing something beneficial. A freind who cannot be approached to help do a favor. A gathering of people that seems meaningless.The appropriate thing to do in such a situation is to throw out all considerations and just do.Your job is not to determine if and where. Your job is to determine how.Do, and you will see miracles."Thank you Tzvi for this wonderful book.

Excellent book; I refer to it often. The only thing I didn't care for was the color of the text: it seems a dark gray instead of black making it difficult to read sometimes.

No matter what faith you belong to this is a book that should comfort and guide you. The Rebbe was truly a great and holy man.I say this as a non Jew who has found the Rebbe's guidance irreplaceable .

Wonderful! Profound, Easy to understand and thought provoking. I love it!

Love this book

I was an early casualty of the faith of my parents. Not particularly religious themselves, they left me with a sense of the form of our religion, but no picture whatever of it’s content. This wasn’t their fault, it was simply very much the way we were in the 50’s and 60’s. My own spiritual needs left unmet by my faith of origin, I drifted from the time I entered college, first as an atheist, and then as almost every kind of theist one can imagine.Eventually I found a place that suits me spiritually, in which I can dwell and feel no need to convert the unfaithful. From within this place, I have rediscovered a desire to spend some time reaping the wisdom of the religion I always took for granted, the one I was born into. This is not necessarily a comfortable journey for me but one it has been time to make for a while.One of the things I had never come to understand about Judaism until well into college was the tremendous mystical richness of Judaism. What makes this mysticism special is its refusal to abandon the world in which we make our way. From Jewish mystics and rebbes we expect practical advice as well as inspiration. Rebbe Menachem Schneerson was for many years the premier spokesman for the Lubavitcher tradition of mystical Judaism. A man who valued humility, wisdom, affection, humor and a deep abiding faith.Tzvi Freeman has taken the time to compile the essence of Rebbe Schneerson’s meditations and teachings. This is simple, direct writing that would touch anyone, Jewish or not. Short sections that can be read a paragraph at a time and meditated upon at will. We are invited to take our beliefs out of the ivory tower and apply them in the world. The first recommendation for the spiritual treatment of illness is ’find a good doctor and follow his instructions.’ The fourth is ’Increase your study of the inner light of the Torah.’This kind of wisdom is good for all to use. I would recommend "Bringing Heaven Down to Earth" not just to crabby old men such as I, but to anyone who finds themselves sometimes a seeker or wishes to understand more of the depths of Judaism.

This is a beautiful little book by Tzvi Freeman, a superb expositor, filled with the wisdom of both heart and mind. The wonderful material is presented clearly, and the gems are so plentiful that it is a true wonder! This is one of my favorite expositions of the heart of Hasidism. It is a moving work to which I will eagerly return again and again and yet again.

Beautiful book, very inspiring, highly recommended for anyone who wants to live on a plane that transends by the mundane of life & elevates it.
