Synopsis

In the Second Edition of this best-selling book, new information and references are integrated into chapters. Emphasis is still on processing, alloying, microstructure, deformation, fracture and properties of major steel types ranging from low-carbon sheet steels, pearlitic rail and wire steels, to quench and tempered medium- and high-carbon martensitic steels. Microstructural aspects of steelmaking, hardenability, tempering, surface hardening, and embrittlement phenomena are updated, and chapters on stainless and tool steels remain in the Second edition. The work is intended to be tutorial and is an essential state-of-the-art reference for anyone that makes, uses, studies and designs with steel.

Book Information

Hardcover: 704 pages

Publisher: ASM International; Second edition (March 9, 2015)

Language: English

ISBN-10: 162708083X

ISBN-13: 978-1627080835

Product Dimensions: 10.4 x 1.7 x 7.4 inches

Shipping Weight: 3 pounds (View shipping rates and policies)
