Synopsis

In Alan Partridge: Nomad, Alan dons his boots, windcheater and scarf and embarks on an odyssey through a place he once knew - it’s called Britain - intent on completing a journey of immense personal significance. Diarising his ramble in the form of a ’journey journal’, Alan details the people and places he encounters, ruminates on matters large and small and, on a final leg fraught with danger, becomes not a man (because he was one to start off with) but a better, more inspiring example of a man. Through witty vignettes, heavy essays and nod-inducing pieces of wisdom, Alan shines a light on the nooks of the nation and the crannies of himself, making this a biography that biographs the biographer while also biographing bits of Britain.

Book Information

Audible Audio Edition
Listening Length: 6 hoursÃ Â andÃ Â 5 minutes
Program Type: Audiobook
Version: Unabridged
Publisher: Orion Publishing Group

Customer Reviews

Shakespeare, Keats, Dickins and Partridge. No that’s not a brilliant law firm. They’re all Great British wordsmin, and they’ve all written books.Footsteps of my Father is a poignant journey by foot (feet), Alan’s feet, across somewhere in East Anglia.I assume he completed it. I’m only halfway through the book right now but I’m past the pictures.

Classic Partridge...if you enjoy the TV series and movie, you’ll like this book too.

Textbook.

Hilarious book from a character that should go down as one of the funniest and most unique

comedic voices of a generation. No kidding.

Thank God for Steve Coogan, I can laugh again. I don’t want to spoil this with even a positive review. A delight from beginning to end. This is some journey! Love it!

6 hours of prime Partridge. Read by Coogan. What more could you ask?

Hilarious, if you love Alan.

At several points throughout his career, Steve Coogan has said that he’s finished with the Alan Partridge character, and several points thereafter, he’s resurrected the Alan Partridge character to hilarious result. It seems now, in 2016, that Coogan is resigned to the fact that he can’t get away from his most distinctive and best character, and his continued revisitings are only to the fans’ benefit. I say let Coogan BE Partridge, from here to eternity.I laughed till I cried at I, Partridge, and I laughed till I cried at Nomad as well. As with all his work, this "memoir" is a frequently uproarious continuation of the Partridge saga, all the better for its ludicrous plot (Alan retraces the path of a job interview his father had at a nuclear plant, walking the route his father drove). Nomad is especially funny for its use of the (incredibly) unreliable narrator, with many more laughs had imaging what really took place versus the way Partridge describes it.Almost every single sentence is funny. For maximum effect I recommend listening to the audio book, where Coogan shines in the role once more. I embarrassed myself frequently giggling out of control in public listening to this, and I highly recommend this experience to you as well. It doesn’t get much funnier than Partridge.
