Synopsis

From actor and comedian Joel McHale comes the most important celebrity-penned book of this - or any - generation: Thanks for the Money: How to Use My Life Story to Become the Best Joel McHale You Can Be. Part shocking tell-all memoir, part aspirational how-to guide, and mostly all book, this one-of-a-kind tome is required listening for anyone who enjoys Hollywood gossip and get-rich-gradually tips. Joel McHale pulls back the curtain on his personal journey to stardom! Here, for the first time, Joel reveals all that has molded him into the acclaimed comic actor he is today: a love of performance, a series of boyhood head injuries, and, most importantly, a passion for financial compensation and free shoes. It’s all here: Joel’s career trials and tribulations, his criminal trials and tribulations, and an honest, unflinching list of all the people he’s been paid money to make out with on camera. But the book does not stop there! Because if you want wealth, fame, and cost-free footwear, Joel will share every vital tip he has learned: an insanely low-carb diet plan, how to escape from a certain pseudoreligious celebrity cult, and more! How can you unlock the power of the Joel McHale who lurks inside? What happened when Joel fought his Community costar Chevy Chase? And hey, while we’re at it, what’s up with Joel’s hair - really? All will be revealed within the minutes of Thanks for the Money. Buy now, and receive - as a special bonus - an email receipt that details your purchase!

Customer Reviews

This book was everything I had hoped for in a Joel Mchale memoir. If you enjoy Joel and appreciate

his snarky sense of humor then you won't be disappointed. I've read many celebrity memoirs and I can confidently say that beneath the sarcasm and laugh-out-loud humor this is probably one of the most honest depictions of fame that I've ever read. It's smart and hysterical. I highly recommend it.

I was very disappointed by this book. Although I like Joel McHale, he humor gets old quickly (as does looking at footnotes). I got to the point where I was only reading two chapters at a time and then only one. At 50% through I finally gave up and bought something new, but I may come back to it later.I was hoping for a bit more on the Almost Live days, but he really skimmed over that as if he was ashamed of it. The best part was probably the chapter where his wife kept popping in with comments.

I wasn't sure what to expect from this book; I haven't read any celebrity books, so I had no prior experience with anything in this genre. It took me a couple of chapters to really catch on to his style and the purpose of the book. Overall, I really enjoyed it, and it was a quick read. It would have been nice to have borrowed it from a library, though, or even just paid a little less, but that's just being nitpicky about price. If you're a fan of Joel McHale, chances are you'll enjoy it!

So funny. And a little bit foul, but mostly funny. Not for young ones, but if you like Adam Carolla's autobiographical books, you'll definitely like this one. You'll probably even like it if you aren't an ACE Carolla fan.

Joel's snark is better on screen than in a book, but the book is amusing. If you're a fan of his work, the best way to read it is by imagining him actually making the snarky asides. If you're newly a fan, this is a great introduction to Joel's world, but it may not click with you.

I don't watch much on TV except the late night humor shows (the next day, online), so never heard of Joel McHale until I came across a video from Late Night with Seth Meyers on which McHale was a guest. I was intrigued by his personality and sense of humor, so I went looking for his other videos, including clips from Soup and Community. Somewhere along the line, his book was promoted, so I bought that too. I wasn't disappointed at all. His style is totally different from any celebrity "memoir" I've read. The term "LOL" is overused, but I did, several times.

Hilarious book if you enjoy his sense of humor, have never laughed out loud so many times while

reading a book. This is not the book to read before bed, every time I would try and read before bed I would be up for an hour or more laughing my ass off. Good stuff!

Got to meet him. Great guy, meh book.
