Book by Heather H. Barto

I use this curriculum with a group of sixth and seventh grade girls in a school setting. It is well organized with a simple design that provides enough content to get the girls talking about issues that matter to them. The curriculum acts as a springboard rather than being cumbersome and overbearing as I've found most small group curriculum to be. A great tool for helping adolescent girls begin to unearth and validate their true selves in the midst of a very confusing culture.
