Customer Reviews

Super cute, but no engagement or devices like the other books have.

Nothing to touch or feel in here. It's okay, but not at all the same as Pat the Bunny.

My nieces enjoy this book, or should I say books. Good Night, Bunny on one side. Flip it over for Good Morning, Bunny.

These are a MUST for every new mom and dad

I'm SO disappointed in this book. I've never gotten my kids a Pat the Bunny book and thought I'd finally make sure to add one to my collection. Unfortunately, I failed to realize that despite the title,

this is apparently the ONLY one that isn't touch and feel! So misleading! There is nothing to "pat", no flaps to lift, nothing! I should have known from the price.I gave it 2 stars because it is a good value for a two stories in one board book. If you are a nostalgic fan of the original book, it's probably a good addition.

I bought this book as an Easter present for my one year old because it has a bunny :). Just to be clear, this book isn't a touch and feel book and is one book. The goodnight book is on one side and then you flip it upside down to read the good morning book on the other side. It's a simple read which is perfect for babies.
