Grade Level: Preschool and up

Customer Reviews

PreS-KÃ¢â ¬â •In a gentle tale suffused in purple and black tones, little Night Owl happily greets the night. But where is his mother? In a series of onomatopoeic moments, the owlet hears different sounds and wonders if it's his mother's. Alas, each one reveals a cricket, a train, a toad or other source of the soundÃ¢â ¬â •but no mother. When a storm crashes in, the owlet wings bravely home to his tree where his mother soon joins him. With the simplest of lines, Yuly imbues her owl baby with great character. Reminiscent of Martin Waddell's Owl Babies (Candlewick 1992), the simple text is suited for group sharing or one-on-one with toddlers, who will happily join in with making the sounds. The little creature portrayed in bold pen and ink and digital pictures will capture readers with his resiliency and calm.Ã¢â ¬â •Marge Loch-Wouters, La Crosse Public Library, WI --This text refers to the Hardcover edition.

Ã¢â ¬Å“With its question-and-response text, this is a satisfying choice for reading aloud.Ã¢â ¬Â•

Ã¢â ¬â ¢BooklistÃ¢â ¬Å“Yuly imbues her owl baby with great character . . . The little creature portrayed in bold pen and ink and digital pictures will capture readers with his resiliency and calm.Ã¢â ¬Â• Ã¢â ¬â ¢School Library Journal

Once again, another of Toni Yuly's books that my 2 yr old Grandaughter begged me to read again and again. (I think 8 times in one day) She loved the sound effects I had to make. At first I thought the dark colors and the owl hearing thunder while waiting for it's mommy would frighten her....nope. Loved it.Tune up on your sound effects readers!

Toni Yuly hits home again with this sweet companion to her first book, EARLY BIRD. Little Night Owl is on an auditory quest to find his mother. He navigates through his rich evening landscape, listening and sorting through all the sounds of the night until he hears the "nicest sound of all." NIGHT OWL is is wonderful read-to for any toddler!

My 20 month old LOVES this book!! She requests daddy read it almost every night! She absolutely loves the train, the cricket, and of course the owls! Great bedtime book plus sounds-but not in an annoying way, like some sound books (tap tap tap, toot toot, chirp chirp, croak croak, and more).

A charming book by the author of Early Bird. I am planning on buying additional copies for my young great-nephew, who will be reading soon. I think he will enjoy them, as he loves animals. The artwork is beautiful, and I can see kids wanting this read to them over and over again.

So cute while teaching a little something to my grandkids. Great book to last from birth to four.

My little boy loves it!!

This is my niece's favorite book. It holds up well.

Love this book! Got it b/c Early Bird was so great. Very cute owl.
