Her best friend Ke-Ke isn't the friend she thinks she is, just like Marquese. As Tiffany's world begins to crumble in Florida she finds comfort with Ti'mone Lambert, who's living an alternative lifestyle and currently running the streets in a way most men wouldn't think of. Love begins to spark in unfamiliar places for Tiffany and past promises are soon broken when she realizes she has feelings for Ti'mone.Tiffany can't get too comfortable being happy in Florida because her family is coming apart at the seams in New York. We know all love stories aren't always happy and filled with love but Tiffany's love story is much more complex. Every beautiful day she has is matched by a day of devastation. Customer Reviews

Intense and tragic love story, with a lot of pain an drama. Even a girl with nothing to live for can turn it around.

This book speak novels on becoming a part of the lgbt community. I know alot of women have experienced some of these events in our lives so the novel should hit home for many. I know Reality personally and I give her a thumbs up for taking a walk down many of our lives and putting it in a beautiful way so the world can see it. Cant wait for part 2

I truly loved this book...however i could not give 5 stars because the editing was so poor. I loved the characters, their backstory, and the Plot Twists...Patiently waiting for the sequel! And better editing.

This book was amazing... I enjoyed it from the beginning to the end. I can’t wait to read part 2, I know there will be a part 2. There better be a part 2 I need more!!!
