Synopsis

Exiled from his home planet for loving an enemy, Vince turned to space piracy aboard the Cygnus. Disguised as a human thanks to his speciesÃ¢â ¬â„¢ shifting abilities, Vince feels secure. But heÃ¢â ¬â„¢s not safe from memories of his murdered lifemateÃ¢â ¬â •or from a growing attraction to Trent Rolston, the shipÃ¢â ¬â„¢s captain, he feels honor bound to ignore.Trent, though, is determined to prove to Vince thereÃ¢â ¬â„¢s nothing wrong with becoming more than friends. But Vince is surprised by his speciesÃ¢â ¬â„¢ mating call, despite being deep in space and far from home.Just as their relationship begins to evolve, the Cygnus comes under attack from hunters determined to destroy Vince and his chosen family.(AuthorÃ¢â ¬â„¢s note: this title was previously published under another pseudonym. This version has been heavily updated and includes 5k additional words plus a brand new ending!)

Customer Reviews

Vince, formerly Vech Grahlrech, turned to space piracy, disguising himself as human to leave his

shifter life and the death of his lifemate behind. As always, the past has a way of coming back when you least want it to, of course when there is a growing attraction between him and Trent, the human captain of their ship, Cygnus, and putting a real risk towards his chosen family of Reyla, Lindi and Winston.The story is told from Vince and TrentÃƒÂ¢Ã â ¬Ã â„¢s point of view.I like it when an author finds a new way to do a shifter story and so far, I have not found a shifter in space story I liked quite as much as this one, and I think that has to do with the whole crew. It is one of those misfit sets of people and those are my favorite action movies, TV shows and of course, books!With the years they have worked together, there is an intuitive way of working between Trent and Vince, so there is already a chemistry and rapport. While you do not get the full story of how their crew came to be, you do get the connection between them all and when put in tight spots, they do look out for each other.I thought this was a great perspective for a shifter story, as well as a good balance of adventures with the jobs they take, battle scenes with the Fenrites, but they also have some quiet scenes as a group, there are definitely some sexual tension scenes between Trent and Vince, and even some scenes that will pull some emotional strings. There are some expected shifter politics at play, but as the story progresses, I liked how it looked that even their species may progress too.With how the story ended, I think it is left open for sequels, because with as interesting a crew as it has, I think they could have even more adventures with their talk of adding more crew members!If you like science fiction and the idea of shifters in space, misfit space crews that become chosen family along with some hot romance, I suspect you will enjoy this story. I have only read a couple of books by this author so far, but have enjoyed them all!

IÃƒÂ¢Ã â ¬Ã â„¢ve really enjoyed stories by this author before and I liked this one. This author can write some amazingly thorough world building in a smaller page count. Something I totally appreciate. Rogue Wolf is a mash up of Sci Fi and shifter romance. There is the mate trope thatÃƒÂ¢Ã â ¬Ã â„¢s not always my favorite. The guys seem to fall into insta lust/love quickly but there is some history between them that helped me get past how fast they get together. The MCs have been friends and working together raiding ships for years. Vince is a shifter exiled from his home planet after he was caught mating with a rival clan member.Trent is the captain of their ship. HeÃƒÂ¢Ã â ¬Ã â„¢s made his attraction known to Vince but Vince has resisted. Until a random attack by a clan from his home planet brings the wrath of his race down on TrentÃƒÂ¢Ã â ¬Ã â„¢s ship. Vince is forced to face what heÃƒÂ¢Ã â ¬Ã â„¢s been running from.This was a quick and entertaining read with good world building. I found the battle scenes entertaining. VinceÃƒÂ¢Ã â ¬Ã â„¢s people, the shifters, to be intriguing. There is the traditional hierarchy of a

shifter pack with a violent history. Vince is seen as a traitor and a deserter with a price on his head. The other crew members offer a wayward family of sorts with the added bonus of unique powers. I think this one is definitely worth picking up if you like shifters and or sci fi.

Rogue Wolf is the story of Vince and Trent, members of a little misfit crew on a pirate spaceship. Vince is a FenriteÃƒÂ¢Ã â ¬Ã â •a wolf shapeshifterÃƒÂ¢Ã â ¬Ã â •who was exiled from his home planet and now poses as a human. But when Fenrite Hunters threaten VinceÃƒÂ¢Ã â ¬Ã â„¢s crew, Vince is forced to wrestle with his feelings about the past, his identity, and Trent, his captain and long-time partner in space piracy.My favorite part about this book was VinceÃƒÂ¢Ã â ¬Ã â„¢s emotional journey. It felt authentic, pulled me in, and had me shedding a few empathetic tears. If youÃƒÂ¢Ã â ¬Ã â„¢re looking for a sex-driven romance, this story isnÃƒÂ¢Ã â ¬Ã â„¢t it, but it isnÃƒÂ¢Ã â ¬Ã â„¢t fade-to-black, and the relationship between Vince and Trent was quite sweet (though it plays second fiddle to the action-based external plot). I also loved the other members of Vince and TrentÃƒÂ¢Ã â ¬Ã â„¢s crew, even if I had trouble telling two of them apart for the entire story. The external antagonistic force required a lot of suspension of disbelief, but the story wrapped up nicely in the end. IÃƒÂ¢Ã â ¬Ã â„¢d recommend this to fans of sci-fi M/M but would caution those of shifter stories that though Rogue Wolf has some classic shifter tropesÃƒÂ¢Ã â ¬Ã â •mating season and knottingÃƒÂ¢Ã â ¬Ã â •they didnÃƒÂ¢Ã â ¬Ã â„¢t feel fully indulged or explored.

Great book from a talented author.
