Customer Reviews

Wow, Book 4 of the series is Bold and action packed. That very Thing We Call Love focuses on lots of turmoil that interlocks other characters that tries to strip away happiness from the main characters: Jevaughn, Dre, Kraigie and AJ. What is witnessed in this book is the hatred of gay love, jealousy and betrayal of friends and the forging of new friendships. Although this is a book about gay love it also delves into the notion of what a person thinks LOVE is which brings happiness and joy. Most of the characters in this book are involved in many different avenues of love from being totally in love, loving one's self and loving power and money. It's clear that this book takes a turn from book 3 by violence, hatred, feuding, deceit, betrayal and maliciousness. Nevertheless, this book remains loyal to the love between Jevaughn and Dre which gives this book its softer dimensions. J.S Lewis has done an excellent job of adding characters in this book that are very calculating and evil. I was on the edge of my seat trying to figure out what will happen to Jevaughn, Dre, Kraigie, AJ and Ricky. I could not put this book down for one second because I was caught up in the frenzy of the action and drama in this fourth installment. The reader will be treated to a rollercoaster ride of dramatic events from beginning to end. It seems that the characters in this story are involved in some type of action that drives the story to its conclusion. I loved this book. Like the previous books - 1, 2 and 3, this book is well-written, fast paced, edgy and sexy. However, this book is very action packed which only can mean that the last installment of this series will be more action packed. Thanks J.S Lewis for the rollercoaster ride. I am anxious to read book 5 which is the last installment.

J. S. Lewis is an aspiring young author and has great talent, which anyone will be able to see when he or she start reading The Jamaican American Thug Drama Saga. He overcame the pain, the anguish and the threats of bodily harm and even death threats as a teenager and used that as inspiration to be true to himself no matter what and to create this story about how life is for the LGBT community in Jamaica.I have been reading his work from day one, chapter-by-chapter, book-by-book and I was so involved with the story that I lost all track of time. If you love to read and

you love adventure, suspense, crime, drama and love stories, then you will love this series, which has all that and more. I highly recommend all 5 books and I guarantee that you wonÃƒÂ¢Ã â ¬Ã â„¢t be able to put them down once you start to read and you will be wanting more.

Great saga!

the title says it all... jus love it

You keep me thinking it is over then you lil the rug from under me. This book made me cry and then you come with a twist. Please keep writing and I will keep reading.

It has all the details as to what it is like being in a gay relationship , the challenges of finding love,being inlove and the problems that come with a relationship.

Praise to Mr Lewis for his incredible gift and ability to synthesize significant life experiences in such a delicate and captivating way.

this book i can relates to when when my partner and i broke up i cried for days even now i am still hurt and our best friend played the part that dereon play has so has he heard that we werent together again he slipped right in. sigh its also highlights that u should know who u trust and also beware and be careful of fake friends cause they are everywhere. this also show how extreme u will go for the love our life, sigh. i tried to commit sucide alot of times but they all failed, because i was hurt just like jevaughn when he was betrayed by dereon. the funny part is that how exactly most gays behave in Jamaica, some of them goes around and destroy families just for the love of money, and this will always lead to crimes as a result the blames is placed on all gays in general and then we now have this negative energy attached to it saying the love money and they love to destroy families wherein thats not the case. also where in dre case when he beat the hell out of helley, Some Jamaicans will say hey there is ur point to proved that gay ppl are violent but the true is that all sexuality are like that and all all get offended when someone hurt on tries to hurt the ones who are our soul mate, where st8, gay, lesbian, bisexual, tranny, and pan-sexual, this rule still applies to us all
