Purchased this book to read to my preschoolers when we have our camping theme. Although the "I

Can Read" books are designed for beginning readers, they can be PERFECT for preschool age children! Not too many words, easy to follow, and they can always answer a variety of questions about the story. Perfect for our camping theme and talking about fishing!

I got my daughter her first fishing pole and tackle box for Easter and got this book to add in with them. She loves it! It's a really cute book to explain fishing and uses simple words for her to understand (she's only 4). She can't read it by herself yet, but it's fun to read to her and the illustrations are really cute. I grew up reading The Berenstain Bears, so it was neat to read it to her. Now she's really excited to go fishing!

Very cute book to introduce fishing. We purchased this book and a little fishing play set and now our preschooler is excited to fish on his own.

Such a great book!! Have always loved these characters, they never disappoint!

Likes it

Grandkids loved it. I was even able to get the older kids to help the younger ones read this book this one.

Perfect

It's the Berenstain Bears. What else it there to say? Other than I am very happy my grandsons like having their stories read to them. Hopefully they will pick up on the values in the stories.
