The National Archives and Records Administration (NARA) is an independent agency of the United States government charged with preserving and documenting government and historical records and with increasing public access to those documents. NARA is officially responsible for maintaining and publishing the legally authentic and authoritative copies of acts of Congress, residential proclamations and executive orders, and federal regulations.

This reference book was recommended to me by a youteber I follow. I already knew it was a good text. I use it to follow along with his videos.

Extremely important for my son-n-law electrical license.
