Book by THERESA MAGGIO

I really enjoyed this book. I, like the author, have Sicilian grandparents who emigrated from there. She includes in this book information about her travels to various villages in Sicily. I enjoyed hearing her first-hand accounts of the customs of the areas. I, have since, read several books in the same genre by other authors. Because Theresa Maggio had family in Sicily she seems to have been included, accepted and didnt seem to struggle so much with the rejection and ostracism some of the others encountered. I hope some day to meet the author. I admire her travels and determination. This was her second book. The first one is about the now-defunct tuna fishing in Sicily. Although both books are very well-written, I enjoyed this one so much more. Thank you Theresa Maggio for writing this book. It has started me on my arm-chair visits to Sicily! Some day I will get there in person.

My roots are Sicilian. This is the best book I have ever read about many of the villages of Sicily and the people. It far surpasses my own efforts in "My Roots Are Showing." I have purchased many copies as gifts for friends.

Beautifully written and captivating real-life narrative of the soul of Sicily described through personal experiences while exploring some of its' lesser-known small towns and villages. A delightful arm-chair excursion.

Great book.

Book arrived on time but I was planning on giving it away but because the spine was cracked and it was a library book (which was not mentioned when I purchased it), I was not able to give away.

I bought 5 books for perusal ..3 written by men and 2 by the ladies...Theresa Maggio escorts you into dream adventures you were wont to take ..but she permits you through her imagery to feel as though you accompany her as she dares to discover the little known villages of the Island we know as Sicily..Just allow yourself one chapter an evening , close the book and go off to dream the journey ..you may not ever experience the physical trip, but Theresa carries you over Etna and the mountains..Each night you will look forward to the next chapter and dream journey!! I am delighted to have "discovered" Sicilia through the memories of Ms. Maggio..I recommend this charming and informative book..I loook forward to finding another such by Theresa!!!!
