Synopsis

This is the Spanish equivalent of Cadogan's original and best-selling three-cities guide to Rome, Venice & Florence, and is by the same authors. This time Cadogan explores the best of classic Spain: cool, cosmopolitan Madrid; lively, youthful Barcelona; flamboyant, sultry Seville. A perfect introduction to Spain, especially for travelers taking short, city-based breaks or traveling on business, Facaros & Pauls deliver their customary dose of historic and cultural information, leavened by humor; together with 30% more practical information and recommendations for each city than may be found in Cadogan's Spain.

Customer Reviews

--A usually funny and differently slanted approach not found elsewhere. I found this not sufficient for basic touring. It is short on some how-to and on pictures to identify/remind you where you are. Still, its light weight, half-inch skininess allowed me to carry it for its better writing style, and seemingly deeper, readable content.
