Pros:-It’s The Music Man. Great music, and all. This volume is fairly complete even with some indications of instrumentation (just short of the MTI piano/conductor score).Cons:-In the copy I received, print quality is fairly shoddy. I’ve seen a lot of better copies, though, so this might be a quality control thing.The things I dislike about my copy aren’t really controllable by the seller. The only way you can be sure you get a well-printed copy is to examine it in the store.

Every song you want from the Music Man is in this score. It’s mainly a piano score with lyrics, and some orchestral cues.

Musical score for "The Music Man". Great to have in the collection

I’ve noticed that some people complain about this item not being the "complete score." Perhaps we should be clear here: this item *IS* the complete score (it has all the songs and incidental music), it even has orchestral cues. What it does *NOT* have is the actual orchestration. To get that, you

have to schedule a performance with MTI (Musical Theater International) and *RENT* the complete orchestration.All that said, I am very pleased with this purchase. We'll be doing it at my school next semester, and having this will GREATLY help our preparation. I must confess to being a little worried when I opened it and observed how *thin* it was, but I checked and, sure enough, every single song or incidental movement is there, just as it should be.Also of note is that this book is the *original* piano/vocal score of The Music Man, not any of the revivals or film versions (the film version with Robert Preston & Shriley Jones had two versions of "Gary, Indiana," not one; and "Being in Love" instead of "My White Knight"). I'm not sure if those resources are even available for sale.

The book overall is fabulous! It contains every song in the show, with accompaniement piano and vocal. I was trying out for The Music Man, but the director wouldn't hand out tryout music until a week before. Being a musical enthuisiast and wishing to begin practicing immediately, I ordered this book and had it shipped express. It arrived the next day, to my satisfaction. I didn't make the lead, but I got into the show when few my age did. I only wish the libretto was included.

I love this story! The used book I received was in great shape.

This book is PERFECT for any musician either interested in American musicals, preparing to perform for this musical, or just someone who loves music. It gives several versions of the songs in the musical, as well as piano scores. Marvelous to have everything in one book. Would recommend it to everyone. Perfect addition to your collection.

I recently purchased this book and I was pleased when I received it. It has every song from the show and is actually more difficult than I expected. It is deffinitely worth the money and has made me decide to purchase other musical scores from hal and leonard.
