Synopsis

The essential information contained on these pages reveals the truth about how a child is really performing in the classroom. Concerned parents can find the answers to: What is my childÃ¢â ¬â„¢s learning style: auditory, visual, or tactile? Is my childÃ¢â ¬â„¢s reading ability at grade level? What are the national standards in writing at my childÃ¢â ¬â„¢s grade level? Does my child have special abilities in math?This easy-to-use manual is a roadmap to academic success. All parents who want their children to succeed in school need to read this book.

Customer Reviews

This is a great book for assessing your child's education so that you can catch deficiences and correct them before they snowball. Thank you, Ann Cook! You've done all conscientious parents a tremendous service by writing these 3 books...I also love that they are now compiled into 1 book. Unfortunately, you can't just assume you child is learning all the essential skills in today's schools. Trust, but verify!!
