Customer Reviews

Somewhere in the product description it should have made the purchaser aware that the MP3s are ONLY compatible with an actual kindle device (as far as could be assumed, maybe it doesn't work with that either). They will NOT work with the cloud reader, app, etc. I had to purchase the CDs themselves for an additional 40 dollars, although they were suppose to be a package with the book! Not only was this inconvenient but this extra cost was infuriating, as well!

No CD present

It said value pack with CDs. However, when i opened, there was no CD. This is a ripped off. How can I finish my homework now?

The CD pocket is broken.

Customer Beware: The MP3 will not transfer to your Kindle Devices (iPad or iPhone).

No CD's with the book

No CD's provided. Not sure how the free return shipping is supposed to work either.

All ripped up and didn't have the cd that should have come with it
