Customer Reviews

It’s rather ’thin’ in substance compared to the Bradt Guide. I use both, but prefer Bradt for deeper content.

Missing a lot of info, even national parks!, and none of the hotels are in there. Very poor. Get Bradt

Great to have the Lonely Planet along with us ..especially an updated version..The book looks great we leave in September for a cycling trip through Madagascar....Love the size and all the history etc. that it gives for my next adventure .Linda Johnson
