Customer Reviews

This is claiming to be a travel guide but it contains no pictures of ANYTHING and not even a single map or set of directions. It is about 25 pages of very large print that contains nothing you can’t get from a Google search. There is no indication where anything is in relation to each other. No hours of operation for the stores or sites. No info on the bus from Rimini...where does it stop inside San Marino? Definitely not worth $2 never mind $11!! The only positive is that it is small and packable, but why would you want to take it with you?
