Because of this book i passed on the first try! Im in my 40s and had not been in school for quite some time highly reccomend follow instructions and you will succeed.

I definately recommend this book if you are planning to take the teas test!!!! Great study guide amd love the practice test.

very instrumental book.

This is not a complete review of everything you need to know. This is more of a supplement to your studying.

I really love the instruction, the walk through of some of the the questions and tips for how to solve them! Some of the tips I had never heard of and that helped me understand things better! I really think this book is a must for studying.for.the TEAS exam!

My daugter used this to prep for her nursing school entrance exam. Was a great help.

I find the material to be quite helpful especially the layout of each topic and the way certain lines were separated by shading to enhance visual definitions in some areas.Frank
