Customer Reviews

This is a MUST for readers just starting the wonderful Prey series. Although each of the Lucas Davenport novels is self contained, it’s more "flowing" if you are able to read these exceptional novels in their original order.

For fans of JS the Reading List is essential. I have read so many of his books over the years it becomes difficult to remember which ones I missed.I am now 85 so the reading list solves the problem. JS is so good that old people like me can read the early ones over again and enjoy them as much as the first time around.

Links didn’t work. Far as I’m concerned Google is better and free.

THIS IS A CHRONICAL.

A great listing of the author, thank you

I like to read a series from start to finish.....so have read the entire Prey series and Virgin Flowers series

of not as good as I expected.

Good comprehensive index of John Sandford books with a various views of his books. I was a little disappointed that the latest books in the series were not listed and hope that an update will be released soon.
