Synopsis

In their second collaboration, leading paranormal experts John Zaffis and Rosemary Ellen Guiley put the spotlight on remarkable cases of darkly haunted objects, haunted places, and haunted peopleÃ¢â ¬â •and the reasons why these hauntings happen.Zaffis and Guiley plumb the depths of bizarre phenomena involving demonic spirits, the restless dead, demon boxes, dybbukim, Djinn, and 9/11 World Trade Center disaster relics. They explore haunted homes and landscapes teeming with spirits and entities who pester and terrorize both people and animals, and defiantly refuse to let go.In addition, Demon Haunted features exclusive, never-before-told stories deeply personal to John Zaffis about urgent messages he and others have received from his famous demonologist uncle, Ed Warren, who is on the Other Side. The mysterious messages are spreading to an increasing circle of paranormal investigators. What is Ed saying about John, his workÃ¢â ¬â •and perhaps even the future of demonology?

I couldn’t put this book down!!!! The case histories, the information regarding types of hauntings,

etc. and advice makes this book a real treasure. It also makes you very aware of how haunted items, land, homes, etc. can affect you; how you can avoid bringing a haunted item into your home. Makes me wary of anything antique and cautious. I, personally, am a ghost magnet - Mr. Zaffis advises on "dabbling" in the paranormal, etc. I can’t say enough about how much I enjoyed reading this book...it’s a must have!!!

Very much enjoy the collaboration between two of my favorite paranormal troubleshooters. Lots of good advice given through the stories. Well 2orthbthe money and time invested in this book.

I liked this book well enough, but it seemed a little disconnected in that it didn’t seem well organized. Also I couldn’t buy the kindle version, and I’m wondering why not.

I have been interested in John Zaffis before his series The Haunted Collector. This book gives you more information about his explanations of how items may become haunted, the spirits that may cause the issues and then some interesting background information about himself. I found it all to be fascinating, it just depends on your level of interest of Mr. Zaffis and the subject.

As someone who researches the paranormal I expected more from Johnny Zaffis. I was looking for more substance and details. It kind of reminded me of someone telling scary stories by the camp fire. I know Johnny has seen a lot and experienced a lot I’d like to hear more details and grit.

The stories are interesting. Not well written. This is not research. Poor editing. This book is short for the price.

Ive seen him on Tv on the show "The Haunted Collector". Didn’t know his uncle was Ed Warren. This book is interesting too.

This book was quite an interesting read and my only complaint would be that I wanted it to be longer. I’m hoping for a sequel. Mr. Zaffis and those he associate with are consummate professionals. I’m hoping to never require their services, but I feel that they would be able to handle just about anything
