## Synopsis

"Bachata!" is the little brother to "Salsa!" and "Rueda!" in the 'Little Book of Dancing' series... It is a brief introduction to the many styles of dancing Bachata, especially the newer Bachata Rueda, which is rapidly gaining in popularity around the world Reviews of the previous books Salsa! and Rueda! have been excellent! "Wonderful funny written book. Each page gives you new experience, a hint and a big smile. The most I loved about the book was the humor it was written with, practical advice about salsa and dancing etiquette. Beautiful and easy reading." "Fun, easy to read book for salsa lovers and those interested in learning how to dance. I enjoyed the book very much! The author talks about different aspects of dancing, gives lots of good advice to both men and women and eliminates doubts beginners might have. His little anecdotes give the book a personal touch. If you are not a dancer yet, the book will make you want to take up salsa`ing! Great read!"
