First place to go to in our struggles is to God . Joyce gives us action items. Things we can do to draw near to God rather than allow anxiety or worry or fighting before we know what God would have us to for the victory... Which is what we want victory and God’s will.

This book help you learn how to take your burdens off of yourself and turn them over to God. Another "must read" by Joyce Meyer!

Joyce Meyer has a beautiful way of opening one’s mind to allow them to fill their soul with simple, yet meaningful messages. Her style is easy to read and follow even for those that don’t typically enjoy reading.

Joyce needs to get with the times. Men are far more emotional than women. I’m a cop, I ought to know. Yet Joyce always says "men are logical, women are emotional". Sorry, Joyce. Women are the logical ones and men are emotional. End of story.

Great book! Teaches you that praising God in the middle of your battle can make all the difference

Joyce Meyer is an excellent author. She has been a big help to me in overcoming my resentment toward my abusive father. Compared to Joyce I suffered very little. This particular book encouraged me a lot.

I stumbled on this book during a struggling time. It is a very positive way to live. God will fight your battles if you let him.

This is a great book (as all of Joyce’s books are). I highly recommend it to anyone that is trying to face life’s challenges on their own. This book helps to teach you how to turn your battles over to God.
