If you are traditional Catholic, this is a must compared to Vatican II heresy teaching most religions are same or similar.

The Penny Catechism is a simpler approach to learning the basics of the Catholic faith; in this book close to 370 short sentence questions are asked, and you get a 1-2 sentence answer in return. There is also an appendix at the end of the Penny Catechism containing basic Catholic prayers as well as the Mysteries of the Rosary. Some answers to the questions also contain the scripture passage it pertains to.The Penny Catechism is the place to start if you found the several hundred pages long "Catechism of the Catholic Church" too difficult to start reading; eventually you can read the official Catechism for a more complex and mature look at the teachings of the Catholic faith. Don’t expect to get complicated answers to questions in the Penny Catechism, obviously. If you find you are craving more after reading the Penny Catechism but are not ready to dive deep into "The" Catechism, you can make your way to the "Compendium: Catechism of the Catholic Church," an "abbreviated" but still highly thorough description of the Catholic faith. The Compendium also has

the same question-and-answer format of the Penny Catechism, with slightly longer answers.Overall, getting back to the basics is what is most important for those who are reverts to the Catholic Church, and the Penny Catechism is a great way to do so. Highly recommended for all converts, reverts, cradle Catholics, and non-Catholics alike, of all ages.

Much like the Baltimore Catechism, this book presents the basics of Catholicism in terms anyone can understand! Young and old can identify with this book and it doesn't take a long time to read.

This is a great short catechism. Sunday School CCD teachers: This book could be a nice supplement along with the Baltimore Catechism, and he Church's Catechism to fill the huge gaps that may be in your boring CCD books.

Questions and answers are very short; but explains the basics and tells about the Church to those that might not know anything.

This book has everything you need to know about the Catholic Faith, in a format of over 300 questions and answers on the essential aspects of the faith. It covers God, Jesus Christ, the holy spirit,the authority of the church, self denial, the frequent praying of the Hail Mary,the seven blessings of the Our Father and a host of other intresting subjects. What makes this catechism diffrent from many other is a rule of life. Here advice is given on morning and night prayer, how to conduct yourself during the day and other solid advice. I found this very helpful. The appendix has excellent prayers such as the de profundis, the divine praises and so forth. There is not a wasted word in the entire book. This is a solid gold book and belongs on the short shelf of truly essential books. Most highly recommended.

perfect excellent and beyond. This is how a catholic catechism should be. Straight and to the point. Not confusing like the Vatican ii catechism, which is full of heresy, error and false ecumenism.

A wonderful little catechism. The whole catechism is a total of 70 pages and can easily be read in a sitting. The answers are very clear and brief and the book concludes with some wonderful prayers. This would be a wonderful first catechism for any Catholic and one that could be read and again to commit to memory and provide inspiration for mediation and prayer.
