Fantastic and comprehensive approach to the study of GED in Spanish. I find particularly helpful the arrangement of subjects such as World History, American history, Government, Study of the Constitution, Study of Spanish grammar and poetry plus Writing an Essay in Spanish are incredibly well organized and simple to follow. The exercises are very helpful and succint. This is a great tool

Just what my client needed to prepare for the exam... happy to report she PASSED! what an accomplishment, now she can enroll in the university which is her dream, an endeavor she will fullfil now that she's on her way to become a college student at Rutger University. :-)

Although the order was not for me, my father-in-law was very pleased (It was for him, by the way.). We received it really well and on time with no problems. Thank you so much, on behalf of my father-in-law and I.

This book is an excelent tool for any teacher or student that need to improve, review or brush up on some of the grammar rules or mechanics of punctuations. It's a good buy.
