Customer Reviews

I sail on The Chesapeake Bay. I love my time there and I read volumes about the places, what else is there to do in the winter months. I have sailed to many of the places in this book. I was a bit disappointed by the content. It was like reading one of those "books" you find in a hotel room that talks about the area but is really just there to sell you something. It has some worthwhile text but you get hit by what is really an ad for someplace. I wish it were more of a review then a selling piece. I was disappointed.

Excellent picture book of many locations in the Chesapeake. Not a serious error, but I would have liked a simple map showing the many locations listed.

Nice pictorial views of the bay organized down one coast and up the other.Covers the major marina’s , but not the gunk holes.

This is a fun read- for Chesapeake Bay fans- photos are ok and it is a bit dated already- but that is part of its charm
