Age Range: 4 - 8 years

Grade Level: Preschool - Kindergarten

Customer Reviews

Katie Cook is an illustrator and writer who has been creating work for Star Wars professionally for almost a decade, and unprofessionally with crayons since the mid-1980’s. She lives in Michigan with her husband, her daughters and lots of Star Wars toys. . . er, collectibles.

Boy was I excited when my 2 year old daughter declared how much she loved Star Wars. I immediately bought "Vader’s Little Princess" but that book was complete crap. No story, no substance. It’s not a book you can read to a toddler. It’s a chuckle for Star Wars dads to throw on their shelf and collect dust.Not this gem. This teaches the ABCs, plenty of information about Star Wars so she can learn more about the franchise and is just overall adorable. Her favorite book and has to be read several times a day.

This book is hysterical! A must for any aged Star Wars fan! I got it for my 6 year old son who lives Star Wars and I found myself loving every page! Get the book!

It's a children's alphabet book. Is the alphabet in the correct order? Yes? Five stars.Okay, okay, maybe there is more to it than that. Is it as good as a Doctor Seuss Alphabet book, no.The illustrations are cute, it's fun to read and has some clever lines only the adult reading it will smile at.My kids love Star Wars and my three year old can read the letters without issues, so I'm happy.

It had much better reviews than bad so I took chance, given I LOVE Star Wars. Some pages are cute and others I just skip. I was a little disppointed and not excited about it as much as I wanted to be. Not by far the worst kids book and I still think my son will enjoy looking at it and can still see the alphabet. As long as he learns something and enjoys it, I'm happy.

A fun, classic alphabet book that my Star-Wars loving kids truly enjoy. My 2 year old (now 3) used it to learn a lot of his letter as well as his Star Wars creatures and characters. It is very well done and I'm certain (along with the number one) will be a classic of this generation

What a cute book! We just love this. Our boys love Star Wars and this was a great way to grab their attention. They have been learning their ABC's because of their love for this one single book! Highly recommend this if your child loves the Star Wars characters as much as mine do!

Cute book for a star wars loving kid that also has some sort of educational purpose. It is written in 100% sing songy rhyme which can be really annoying or really cute depending on what you prefer, but my son loves this whole series.

Though the rhymes are cute... It's the illustrations that make it a 5 star!!! Katie Cook is an amazing artist and brings cute to world of Star Wars!!!
