Customer Reviews

Founded in 1947, Hal Leonard Corporation has become the worlds largest print music publisher, representing some of the greatest songwriters and artists of all time. We are proud to publish titles of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.

I got 10-15 ukulele books to sample for using with my ukulele choir at church, and this book is the best for them. It’s fairly simple for beginners. Nice changes, with minor chords, 7ths and a few diminished chords. Don’t get this one if you’re a "player" and looking for more spice" than that in terms of chord changes. Great hymns to strum, laid-out well with chord diagrams above.23 songs, mostly in the keys of C and F:9 in the key of C7 in the key of F4 in the key of G2 in Dm

This is the book that I’m learning to play the ukulele with... It is so much fun... Every time I get one of

these familiar lines right, I just want to learn more... I haven't been able to play everything in this book yet, but I can already say that it is exactly what I wanted when I was looking for a book of songs to begin learning the ukulele with

All great and esy to play hymns. Classic songs.

Needed this for a class. The book is well laid out, easy to follow. The songs use progressively harder cords as you learn them.

Nice repertoire of songs, very easy to follow, great for beginners.

A great collection of well known hymns. Complete chords, melody and words. What else could anyone ask for except there is another volume with more great hymns.

k

Great little book for the beginning uke player. Will instantly allow you to play beautiful old time standards with basic chord skills. Highly recommend
