Synopsis

"The runes have spoken. We have our champion...Matthew Thorsen."Matt hears the words, but he can’t believe them. He’s Thor’s representative? Destined to fight trolls, monstrous wolves and giant serpents...or the world ends? He’s only thirteen.While Matt knew he was a modern-day descendent of Thor, he’s always lived a normal kid’s life. In fact, most people in the small town of Blackwell, South Dakota, are direct descendants of either Thor or Loki, including Matt’s classmates Fen and Laurie Brekke. No big deal.But now Ragnarok is coming, and it’s up to the champions to fight in the place of the long-dead gods. Matt, Laurie, and Fen’s lives will never be the same as they race to put together an unstoppable team, find Thor’s hammer and shield, and prevent the end of the world.In their middle grade debut, K.L. Armstrong and M.A. Marr begin the epic Blackwell Pages series with this action-packed adventure, filled with larger-than-life legends, gripping battles, and an engaging cast of characters who bring the myths to life.

Customer Reviews

Norse mythology intrudes on the modern world as RagnarÃƒÂ¶k (the apocalyptic battle between gods and monsters) approaches, but no gods are left alive to fight for the worldÃ¢â ¬â„¢s survival. Now their descendants, including three middle-school kids from South Dakota, must challenge the monsters in the final battle. Chosen to represent ThorÃ¢â ¬â„¢s clan, 13-year-old Matt joins classmates Fen and Laurie, descendants of Loki. After consulting the Norns and the Valkyries, they search for the other young god counterparts as well as magical weapons. The third-person narrative looks at each main characterÃ¢â ¬â„¢s strengths and insecurities as they attempt to work together. Comparisons with Rick RiordanÃ¢â ¬â„¢s novels based on Greek, Roman, and Egyptian mythology are inevitable, but this series aims at a somewhat younger audience and features characters who are, at least so far, considerably more human than godlike and more anxious than cocky. While setting up the series takes time, thereÃ¢â ¬â„¢s plenty of action to quicken the pace. The first volume in the Blackwell Pages series will please many fans of mythology-based adventures. Grades 4-6. --Carolyn Phelan --This text refers to the Audio CD edition.

Praise for Loki’s Wolves:"This rousing, fast-paced adventure, first in the Blackwell Pages trilogy, will please readers who loved John Stephens’s Books of Beginning and Rick Riordan’s modern-day twists on ancient myth."Ã¢â ¬â ¢Publishers Weekly "Norse mythology brought to life with engaging contemporary characters and future volumes that promise explosive action; ideal for Percy Jackson fans who want to branch out."Ã¢â ¬â ¢Kirkus Reviews
