Customer Reviews

I am the only man which works in management of 34 other female managers. I could not be successful without the help of this book. I learned how not to insult my co-workers and bosses. I really think with men and women working togeather so much more these days that it’s important to understand the differences, and there are differeces between the sexes. This book has helped me very much, and I think it will help either sex equally...

It is a practical guide for the workplace.

Good read. I reviewed this as part of a college course. The content is pertinent to todays world of management.

Helpful!

good job

fun

John Gray is the Best!!!!I gave this book to two of my friendswith work issues and they both lovedit and were very grateful for the helpand insight they recieved.

This was supposed to be a new book and a gift at that. It was signed by the previous owners parents. How do I give it as a gift to my co-worker now? I gave it one star cause I had to in order to complete the review.
