Customer Reviews

Very good designs of varying levels of complexity.Some are simpler (but good!)- will be usefulfor when you’re sick or not in the mood for a huge challenge. Others are more complex!!! A few might be done with crayon/bigger marker-most need ultra fine point markers, gel pens,or colored pencils I highly recommend!

I got this for my 7 year old and she loves it, I've been buying these types of coloring books and a set of gel pens for gifts for birthday parties lately and they are very well received. I also love to sit down with my kids and do these together.

Good book!
