Synopsis

The authoritative introduction to family violence issues. Ã Â Heavy Hands, Fifth Edition, provides an authentic introduction to the crimes of family violence, covering offenders and offenses, impact on victims, and responses of the criminal justice system. This established text is essential reading for those considering careers in criminal justice, victim advocacy, social work, and counseling. Gosselin draws on extensive field experience and uses real-life examples to provide sharp insight into how and why abuse occurs and its effects on abuse survivors. The textÃ¢â ¬â„¢s accessible language and effective learning tools keep students engaged and motivated, while its practical, real-world focus helps students connect text material to the world around them.

Customer Reviews

This book is being used in my Domestic Violence class this semester, and it has brought a great amount of awareness about this topic across the world. I have been shocked to learn the horrors that many women suffer across religions, economic circumstances, and developed countries. I am also intrigued at how men suffer from domestic violence, but it seems like a taboo topic. Prostitution, child abuse, and elder abuse are covered here as well. This is a great book with very insightful information. You will not be disappointed with the purchase of this book!

I used this book in my Domestic Violence class and when I first got it I was like okay I know enough about Domestic Violence. However this book is really helpful in teaching about Domestic Violence

all over the world. I liked learning new terms like Dowry. I also liked how it was easy to read and really made it clear about the challenges victims face. I liked that it looked in to more areas then just female victims or children. This book made my class very informative.

Had to purchase for school.

Chapters could have been smaller. Things could have been explained using less words and some information was repetitive

I love this book! It is interesting however, I needed it for school so that's the only reason I bought it. I really do recommend it.

Good information on domestic violence and its roots.

Excellent. Juse as described.

Easy readGood conditions
