I bought this for 7 year old, but decided it was too advanced for him, so I'm saving it for a future birthday, hoping that he will still be a baseball player by then. It looks like a great book, and I'm sure

Mark annd his dad will love it in a year ot two.

Gave this as a Christmas gift to a baseball crazy kid. He opened his other packages and then went right back to this book. It is filled with all kinds of information for anyone that loves baseball. It is well done and easy to read. It is the kind of book that the young baseball player would want to refer to for years.

Love all these books. We have football one too. Boys (ages 5,7,8) love to read these.

Nephew was falling out of love with reading. I bought him this book, because he loves baseball. My brother says he cant' put it down, and is reading it all the time!
