## Synopsis

In the best-selling tradition of The Girl on the Train and In a Dark, Dark Wood, from the internationally best-selling author whom Stephen King called "an absolute master" of the psychological thriller, comes a riveting suspense novel about the unlikely friendship between two pregnant women that asks: How far would you go to create the perfect family? Agatha is pregnant and works part time stocking shelves at a grocery store in a ritzy London suburb, counting down the days until her baby is due. As the hours of her shifts creep by in increasing discomfort, the one thing she looks forward to at work is catching a glimpse of Meghan, the effortlessly chic customer whose elegant lifestyle dazzles her. Meghan has it all: two perfect children, a handsome husband, a happy marriage, and a stylish group of friends, and she writes perfectly droll confessional posts on her popular parenting blog - posts that Agatha reads with devotion each night as she waits for her absent boyfriend, the father of her baby, to maybe return her calls. When Agatha learns that Meghan is pregnant again and that their due dates fall within the same month, she finally musters up the courage to speak to her, thrilled that they now have the ordeal of childbearing in common. Little does Meghan know that the mundane exchange she has with a grocery store employee during a hurried afternoon shopping trip is about to change the course of her not-so-perfect life forever.... With its brilliant rendering of a shocking kidnapping plot and the secrets some women hold close, The Secrets She Keeps delivers a dark and twisted thriller.

## Customer Reviews

This was a most fascinating story which was so creative having each chapter Ãƒâ Ã Â«ping-pongÃƒâ Ã Â» between Megan and Agatha. I felt glued to each person. Mr. Toboggan has an exquisite gift of grabbing your attention and not letting a word escape until you reach a beautiful constructed ending. Thank you Mr. Robotham for a wonderful time and I look forward to all his other novels.

Michael Robotham continues to write fantastic stories. I enjoyed this book very much. He never disappoints. Story was interesting and characters were well developed. Can’t wait for his next one.

Impressive writing skills re how women communicate, think, and relate to others.My favorite scene was near the end when the two women met...a powerful moment for the women...and the reader.However, I would be discreet about recommending this book without a hint of plot.

A bit slow to begin with, but got more interesting as the story went along. I ended up enjoying it very much.

once this story catches you - I couldn’t put it down:) I raced through it. Disturbing and emotional. Recommend!

It was just ok. After awhile I found myself saying, "Get on with the story." It did hold my attention, but the ending wasn’t that great. Not worth the money.

Well done, Mr. Robotham, well done!

Could not put this down. Very clever storyline which was completely enthralling.
