At 60 pages in length, it’s a great introduction to a new K-9 series! This is where it all starts and getting to know Zara & Dylan was a real treat. Who can resist Zara’s four legged partner Radar? A

bit gun shy due to a traumatic event, both Zara and Radar must get past the fear if they are to make the coveted FBI team. With the help of Dylan, an old time friend and tech guy on the team, the position seems close at hand. Of course there must be some outside conflict to add that spark of adventure to the story and long buried feelings of romance begin to surface. An exciting beginning! I can't wait for the rest of the full length stories in the Classified K-9 Unit books!

Wow, Zara and her K-9 partner Radar is heading home when Radar see something suspicious. Zara stop to take a look a bullets start flying. Dylan who was taken in my Zara's family when his parents were killed has been hiding his feelings for Zara for a decade, do she feel the same way. Time will tell if the survive. This story has house bombs, kidnapping, attempted murder and so much more. A great start to what looks to be a on the edge of the seat, cannot wait for the next book in the series.

Although Zara and Dylan's story is a prequel to the Classified K-9 series, it can be read out of order as I did. I loved reading the story of Zara and Dylan's romance as well as the continuing mystery of the series. Very glad these characters are part of the series. The author did a great job of making the characters real so you can relate to them. Great novella! Can't wait to read all the books in this series!

This novella is a great prequel to this series and a good introduction to many of the characters and their K-9 partners.With a strong plotline and realistic characters, the author has written an engaging novella and a strong beginning to a series that promises to be interesting, intriguing, eventful.Rating: 4.0

This is a sweet love story of two officers who grew up together and only now admit their love for each other. I love reading about K9 officers and their handlers. I knew this was a novella when I ordered it, but it was very, very short! The book ended at only 69% read. The next 31% was a preview for the next book in the series.

This was a cute story about the love two people have for each other and how they finally admit it during a crisis. They are part of an FBI K9 group and the story shows how valuable these dogs are and what they are capable of doing. It is a quick and enjoyable read. After reading this story I plan to read more of the series.

Disappointing! I paid full price for this ebook and was disappointed when it was such a SMALL book. I barely starting reading the book and it was finished. Yes it was a good story line but it was like you went to the movies and got all settled in to watch a 90 minute movie and then seeing it end in 15 minutes.

It’s a really good story. A good lead in to the K-9 series. The only thing is I wish the story was loner, but it ran its course. Terri Reed is a great writer! The stories are good and fast paced. Not a whole lot of violence. Great, short reading.
