Synopsis

In his new preface to this paperback edition, the author observes, "The Indian world has changed so substantially since the first publication of this book that some things contained in it seem new again." Indeed, it seems that each generation of whites and Indians will have to read and reread Vine DeloriaÃ¢â ¬â„¢s Manifesto for some time to come, before we absorb his special, ironic Indian point of view and what he tells us, with a great deal of humor, about U.S. race relations, federal bureaucracies, Christian churches, and social scientists. This book continues to be required reading for all Americans, whatever their special interest.

Vine Deloria, Jr., (1933Ã¢â ¬â œ2005) was Professor of Political Science at the University of Arizona and the author of a number of books and articles on events affecting the lives of American Indians. He served as the Executive Director of the National Congress of American Indians andÃ Â was an active spokesman and leader for the American Indian community throughout the nation.

Dr. Deloria was an incredible man and writer. I read this many years ago but wanted to revisit that. Was delighted to get this copy so promptly.

Great book

One more step in the completion of my collection. Thanks .

Should be required high school American history reading!!

A must read for everyone!

I purchased this book based on the recommendation by Buffy Sainte Marie during one of her recorded concerts. It is funny, tragic, illuminating, and humbling reading.

Vine Deloria wrote many books, and made a name for himself as a key contributor to the red power movement of the 60s. Custer Died For Your Sins is a simple understanding of American Indian politics.

Awesome read
