Customer Reviews

It has a lot of good information. Many helpful tips. Since its set up month to month you don’t feel obligated to read the entire thing all upfront. We’ve trained another dog previously and it still had some training ideas that have been helpful and didn’t know about.

I love the format of this book, it breaks up advice and to-dos by month and makes training your puppy feel manageable!

Every month was right on Target!! Every GSD owner should own/have this book.

Good book.....Very informative. Breed specifics are spot on.

This was helpful prep for German Shepherd ownership - it’s easy to read and has helpful info. I don’t agree with their training style, but I do like having their outline of what to focus on when, what to expect each month, etc. Definitely recommend it!

I purchased this book for my husband to help him with his German Shepherd puppy. He says that it’s been very helpful because it tells you what to expect with your puppy in detail each month of

age. It has been of great help to him. I see him with the book in his hands reading quite often. If you are not familiar with what to expect with your German Shepherd puppy then I would suggest that you invest in this book because you will be glad that you did!

Brilliant book authored by 4 highly qualified experts. Even if you think you know what you're doing, make the meager investment in this book and reap the rewards far in excess of its price

For a first time GSD puppy owner, this book is extremely helpful. Lots of day to day useful information.
