Customer Reviews

No child could resist this adorable, 9-inch-tall, rag-doll-soft Madeline--complete with appendix-removal scar! This Parisian schoolgirl sports a jaunty felt hat with a trailing black ribbon, perfect for the mischievous redhead who is not afraid of mice and pooh-poohs the tiger at the zoo. Her blue sailor dress is removable for frequent scar viewing! Each doll comes in a big, splashy gift box (12 inches by 12 inches by 4 inches) with one unabridged paperback edition of Ludwig Bemelmans's original Madeline ("and that's all there is--there isn't any more"). (Ages 3 and older) --This text refers to an out of print or unavailable edition of this title.

Ludwig Bemelmans (1898-1962) (www.madeline.com), a painter, illustrator, and writer for both

children and adults, originally published Madeline in 1939. It lives on today, along with Caldecott Medal winner MadelineÃ¢â ¬â„¢s Rescue, as a seminal picture book in childrenÃ¢â ¬â„¢s literature. Ludwig BemelmansÃ¢â ¬â„¢ grandson, John Bemelmans Marciano, carries on his grandfatherÃ¢â ¬â„¢s legacy and has written and illustrated four books about Madeline of his own, including Madeline and the Old House in Paris and Madeline at the White House

Madeline was one of my favorite stories growing up, so I gave it as a baby shower gift - it was very well received!! There was a little bit of tearing on the book sleeve when I got it, but nothing a piece of tape couldn't fix. I still love the story and the art - it's just adorable.

Bought this one for my granddaughter. She liked it well enough she seems to like longer books for bedtime. I'm actually more interested in when she starts reading on her own. Which will be a while. I loved these books when I was in elementary school because it was a story I could read on my own. So while it's not one of her favorites to hear at bedtime, I'm thinking it will be a favorite in time when she starts to read. I would definitely recommend this book and I do intend to buy the rest of the Madeline books.

Given to my 5 year old great niece for Christmas. Along with a Madeline (stuffed) doll from Kohl's. Could not see paying what the different vendors were asking for a Madeline doll. Maybe in a few years when she is older. She loves the book, and it will be a great series for me to start buying for her, as Madeline has so many adventures!

It's a lovely book but terrible on Kindle. This is not a Kindle version... it's like a badly scanned PDF.

What can you say--it's a classic. I loved it when I was a child, loved reading it with my daughter, and am looking forward to reading it with my almost here granddaughter. Lovely story, great rhythm. The first book I purchased for my new granddaughter's library.

Love this book. My fifth star was withheld because of the Kindle formatting. It would have been better had the pictures been used with new typesetting, and not just photocopies of the original book. Be careful to hold your Kindle in Landscape mode, otherwise the print will be unreadable!

Very nice book! Beautiful pictures and cute story. My granddaughter loves the Madeleine books and

this is a nice addition to her growing collection!

Got this new but original version of the first Madeline book about a little girl who....well, if you know the story, here it is in all it's perfection. If you haven't read or know the story, I'll not spoil it for you. Got the book to go with the Madeline 16" Soft doll on her 75th anniversary (1939-2014). Classic storybook for the little ones in your life. Even if you don't buy the book, get it from the library to pass along to future generations-if for nothing more than historical trivia.
