Betty G. Birney lives in Los Angeles, California.Her web site is full of funHumphrey activities and information.

My 8 year requested the newest of the series so I figure I get the older ones. The set is a great deal but I could not figure out what 3 books you get. You get the first 3 books; The World According to Humphrey, Friendship According to Humphrey and Trouble According to Humphrey.

I am so glad I listened to my eight years old suggestion and purchased this collection of three highly entertaining chapter books. It was highly recommended also by his elementary school teacher.

Apparently this cute favorite class pet hamster's take on some serious matters like The World, Friendship and Trouble has a great appeal on kids. I have to admit I have enjoyed reading it with my son because Humphrey has a great sense of humor, he is a great observer and his smart thoughts are narrated in a captivating and flawless first-person narrative. One more little thing that I particularly enjoyed: each chapters ends with a famous quote or funny tip about the theme featured in the book.

This gift set is the best price for three books! I've been looking for some books for my niece that is 8, something that will entertain her and teach her some good stuff too. She loves these books and is starting to collect them. She reads them everyday and now loves to take care of her pet. This little character is so cute! They also came in a box set sealed in the box. Shipping was insanely fast! It was left by my doorstep and I was so excited to see them come in so quickly! I will definitely be buying more of these Humphrey books.

I have two grandsons who are very early readers, one in kindergarten and one in second grade. They've read many of the appropriate age level chapter books but hadn't met Humphrey yet so were very excited to receive the books.

These are great, My kid loves them and it goes well with the hamster puppet also reviewed here

My daughter loves these books. I don't have to worry that anything is inappropriate in these books. Just good ol kid friendly books.

I bought this for my 8 year old grand daughter as she was flying unaccompanied and I wanted her to have something new to read. She loved the books--and had no problem on the plane

My 9 year old daughter picked out a Humphrey book during one trip to the bookstore. She loved it so much that I decided to buy her some of the other titles. I try to get her series books, so if she shows interest in it, then can I buy other titles worry free. Anything to encourage reading more. She's read these books over and over!Since my daughter already had the first book in this set, it was still a better deal to buy it then get other titles separately. I told her to give the duplicate book to her teacher for the classroom bookshelf. A double win!
