"Best suited for reading aloud, this picture book addresses the problem of bullying at school."School Library Journal"Picture books about bullying are not uncommon, but this one is unusual in at least two respects."Booklist

"Nobody Knew What to Do" provides readers with basic strategies for dealing with bullies and encourages children and adults to work together to make sure that bullying doesn't happen. At the same time, the book will serve as a catalyst for teaching tolerance and understanding.

I bought this book for my children, I want them to know that there are people in the world who will do and say things to hurt to in order to feel better about theselves. In the world we are faced with so many things that it is easy to over look when a person is hurting. We tend to mask things very well

and it does no good when no one will ask. It is so sad that it goes on and the hurt never really leaves you, I hope that buying this book will allow them to stire clear of situations like this but to be strong enough to speak up when needed.

After reading the reviews, I was anxious to get this book. As a teacher in an inner city school, however, I find it disappointing. It's simplistic view of how easy it is to stop the bully is unrealistic. As someone who deals with this issue every day, I know that simply asking them to tell an adult is not enough.

This book is a quick read and would make a strong impact on students in grades K-3; beyond that grade level, the book is a little simplistic.The contents are great. The author needs to take it a step further and write with grades 4-5; and then 6-8 in mind.A good product and I would recommend it to other teachers as a read aloud to begin a unit on bulllying.

What a great book to have in my classroom library to deal with bullies. I would suggest this to all elementary teachers.

Easy to read and understand.

Loved this book. Well illustrated and well written. I have purchased several of these books to share with my Grandkids preschool!

This will be a good discussion starter in my class as we talk about bullying and character building in my 2nd grade class.

This book and Eleanor Estes' book The Hundred Dresses are the only two childrens' books about bullying that I recommend. This book presents clear, effective ideas about how bystanders and teachers can work together to make a difference in stopping school bullying.
