Customer Reviews

Okay, but nothing new. Some of groundcovers suggested may not survive in FL intense sun.

This is a good guide for beginners. The growing seasons are very diverse and we have so many soil "types". Wonderful guide though.

I’ve read this book twice and given it to my son to read. It’s funny, informative and sometimes frightening. Run the psycopath checkliston Donald Trump. I scored him 18 out of 20.
