Synopsis

The Stormrider Surf Guide Tropical Islands travels through the trade winds belt on the ultimate island-hopping journey to explore and compare the world's best warm-water surf zones. Many of the planet's finest surf breaks are found between the Tropics of Cancer and Capricorn, from the powerful, mountainous waves of Hawaii and Tahiti, through the exotic Caribbean to the pristine perfection of the Maldives and Mentawais. Coral encrusted atolls, dazzling white sands and gently swaying coconut palms fringe the backdrop for many of these islands found in the shimmering, equatorial waters of the Pacific, Atlantic and Indian Oceans. Superb photos and illuminating text combine to make this Stormrider Guide indispensable for anyone searching for their next tropical paradise surfari. No one does it better than these people and while this book probably won't be on your dashboard like the original Stormrider Guide Europe, it'll make your bookshelf look way prettier, offer hours of dream time, and if you decide to go, it'll put you bang in the know." - The Surfer's Path

Nothing wrong with the seller and delivery thank youI've got the European, World 1-3 Volumes and Indonesian stormrider guides, even the East Asia and Indian Ocean E-books all of which are 5 star publications. This book I was a bit disappointed for the first time, I feel there are a lot of locations that could be in here, like Guam, Hainan, Taiwan, more Philippines locations, there are a lot of pacific island locations and other tropical islands that feature in World Volumes 1-3 that aren't in this book. It's a bit watered down in my eyes..

The best ever spot locater.

very nice guide perfect for planning my next tropical trip!
