A-Z listing. Appendices: A Guide to Modern Research. Chicago Manual of Legal Citation. U.S. Constitution

Ballentine’s Legal Dictionary and Thesaurus is the ideal tool to eliminate the potential for embarrassment and confusion when dealing with the unique language of the law.

Not the most quoted law dictionary, but it’s still recognized as an authority. It just adds to the preponderance of evidence to add to a case.

Older but not out of date. As a reference it can define what you thought you already knew.

Great item for a lawyer, paralegal or law student. First legal Thesaurus.

The dictionary was EXACTLY in the condition described on the write up. Therefore serving me as well as a new one. End result - it saved me money. I wanted something as an alternate to another well known brand legal dictionary.

It is a great dictionary/Thesaurus.It is easy to use and handy. I would like to recommend this to others.

Excellent condition, very fast delivery. Sorry about this review being late I provided the review when I received it and apparently never went through. Thank u so much.

I bought this for my girlfriend, who had recently got a job at a law firm. The book served it's purpose as a nice law reference.
