Good bi-lingual edition! Cute illustrations and good size!

My five year old grandchildren LOVE this! It's terrific that it is in both the language they know and then in Spanish- they are saying the words!

Our daughter tells us our soon to arrive bilingual grandson loves to hear this read. Great board book

for those little hands.

I was disappointed by the translation to Spanish. It doesn't make sense! Like another customer posted, the Spanish version is just a literal translation. If you like the book, buy it in English. I hope a new English/Spanish (with a new translation version) is published.

Great to help keep my daughter bilingual.

Funny and perfect!

I know my grandkids love the song (check youtube) and bought this book to help reinforce Spanish for them. It's nicely illustrated & the translations are good. The kids enjoy me reading it to them. Even though the younger child is only 16 months old, she sits very attentively the entire reading. I do recommend this book & would buy it again.

5 LITTLE MONKEYS IN SPANISH sooo GREAT !!
