Synopsis

Disgraced Edo officer Habaki and his strange group of Rokki-dan thugs turn a seemingly innocent harbor into a port of death Ã¢â ¬â • killing everyone who's docked there just in case they're working with Anotsu's fleeing warriors! And when Manji, revenge-seeking Rin, desperate Anotsu, and possibly the most powerful soldier arrive? This really is the start of Blade's final, extended battle Ã¢â ¬â • with only three volumes left in this massive series! Blade of the Immortal has won many awards across the globe, including the Eisner Award in America, the prestigious Media Arts Award of Japan, and multiple British Eagle Awards.

Customer Reviews

At last, the final battleground. In this and the following two books, Manji will figure significantly and freakishly, but it will be Makie who rises above all others, albeit with the help of some oddball pills, courtesy of Manji, who by the way isn't a licensed doctor, and Anotsu kicks off a blood match with the one individual in the series who most deserves to die a thousand deaths, Habaki. Samura was heavily involved in other projects at this time, so the art gets sketchy occasionally, but the port town setting is fab, and every one of our favorites will be needing a good to great health insurance plan. Did I forget to mention the arrows? There are A LOT of arrows.

Very good. Can't wait to find out what happens next.

great book

Great Condition

If you are a BoTI fan, you can’t miss out on this! Definitely worth the wait.

A+++

Nowhere did anyone mention that this is a former library book. Very disappointed.

Great thanks!
