I use the book to review for ACT English (which it was designed to do so). The author explained all the tested grammar, and it is really helpful. Although I found some mistakes in the exercises, the core of the book is the concepts. I believe many of the exercise passages are from real tests. I love this book.

One of the BEST books out there!

Helpful for the test for sure.

Whoa, on the typos and I have only finished 2 chapters. Considering this, it is rather pricey. Hopefully, it will still help my students.

Easy to understand & on point! Overall, this helped me figure out my weaknesses in grammar :)

I really raised my score by 4 thanks to this book.

Excellent book!!

This is the best book to use for studying the ACT English section. It goes over topics tested on the ACT English and how to attack them. Provides individual practice per topic and also includes 2 practice test with explanations. After completing this book, I reviewed the topics before taking the test and I went from a 24 to a 28 and then I went to a 34! Highly recommend.
