The Art of StarWars book series is an incredible way to delve deeper into the movie and see how the style, the worlds and the characters were developed. I HIGHLY recommend these books.

While this might not be as strong as the first two of the original trilogy(ewoks), it still ties up all the

story lines and introduces new environments. These are well covered in their conception and fruition. I hope they will continue this series of books when the new trilogy begins!

Everything related to the art and talent related to the creation of the classic Star Wars trilogy is just amazing. I f you like arts and Star Wars, this is a good book.

Had this 35 years ago, love it

Last one missing from my collection. Great condition. Shipper was excellent

Awesome

I really like this book. It could be more interesting if I will find more graphic documentation and photos, but it’s OK.

overall good in conditions and contents, great book for cinema fans along with all the others from the same series
